

Oktoberfest Sponsorship

Announcing the ever-popular Oktoberfest Boer Goat Show! Please join our sponsorship team for this show on October 10 & 11 at the Merced County Fairgrounds in Merced, CA. This has been one of the most successful Boer Goat events, and we hope to provide even more fun and educational activities. If you are a youth just starting, commercial or seed stock breeder, or someone just wanting to learn about the fastest-growing agricultural industry in the United States, you want to be at this event!

We are encouraging you to sponsor this event that has local attendees as well as breeders from all over California. An ad of your choice will be featured in the show program, your name will be announced during the show, plus gold and platinum sponsorships include ringside signs, etc. The valuable information in your ad will go home with everyone that takes a show program for classes and other Oktoberfest information. As more and more people are getting into meat goats, they yearn for information about goats, supplies, feed, and equipment. Your name, location and contact info should be easily noticed in your ad.

Please check which category you would like to sponsor:
