

# Oktoberfest Sponsorship

Announcing the ever-popular Oktoberfest Boer Goat Show! Please join our sponsorship team for this show on October 8 & 9 at the San Joaquin County Fairgrounds in Stockton, CA. This show is one of the largest and most successful Boer Goat events on the West coast! We guarantee to provide more education and fun activities as well as 2 open breed shows, 2 junior shows, and 1 jackpot market show. If you are a youth just starting (we love this piece of our Boer goat experiences), commercial or seed stock breeder, or someone just wanting to learn about the fastest-growing agricultural industry in the United States, you want to be at this event! Multiple vendors and educational booths will be present for all to learn more.

Your sponsorship for this event will reach local attendees as well as breeders from all over California, and new people just looking for information. An ad of your choice will be featured on an award, the show program, your name will be announced during the show, plus gold and platinum sponsorships include ringside signs, etc. The valuable information in your ad will go home with everyone that takes a show program for classes and other Oktoberfest information. As more and more people are getting into meat goats, they yearn for information about goats, supplies, feed, and equipment. Your name, location and contact info should be easily noticed in your ad. Thank you in advance for any assistance, including donated items appropriate for awards!

Please check which category you would like to sponsor:
